INTEGRA VANCOUVER

Integra's Vancouver clinic is located at 1177 West Hastings, Suite 1920.

If you are traveling into downtown Vancouver by car, our office is on the north side of Hastings, between Thurlow and Bute streets. The easiest access is via Highway One, and then west on Hastings Street. Please allow sufficient time to accommodate traffic congestion. Approximate travel times are: 30 minutes within Vancouver, 45 minutes from North and West Vancouver and Burnaby, 60 minutes from New Westminister, Coquitlam., 90 minutes from Tricities, Surrey, Langley, and 120 minutes from Abbotsford and Chilliwack.

If you are traveling by transit, we are a two square block walk from Burrard Station and four block walk from Waterfront station.

For parking, there is metered street parking of up to two hours (\$14.00) on Hastings and three hours (\$12.00) on Cordova. If your assessment will last longer than this, please use available underground parking.

The underground parking access is available between 1177 and 1199 West Hastings (directly west of our building.) Enter through the parking lot entrance, take your ticket, and hold onto it as you will need it to pay and exit when you leave. Enter the building through unmarked, black doors in the parkade. Go to level AB, turn left towards the "Highrise Elevator" and exit through the black door at the end of the hall. Turn left again and you will see another elevator on your left. Go to level 19. Integra's office will be immediately in front of the elevator as you exit. When leaving, pay at Pay Station on the West Side of the Lobby before exiting the building. Insert your ticket at the terminal, pay by card, and exit the building by the elevators left of the terminal to return to the parking garage. (In the event that you parked in the Pinnacle Hotel lot, please come up through the hotel elevators, exit onto West Hastings St, and go west to your left to the building next door at 1177 West Hastings.)
